Professional Summary

Full Stack Web Developer with hands-on experience in MERN Stack (MongoDB, Express.js, React.js, Node.js), REST APIs, JWT Authentication, Git/GitHub and responsive web development. Completed an IT Internship at Brandmate Digital where I contributed to business websites, landing pages and website maintenance. Experienced in designing and developing scalable full-stack web applications with modern UI and backend functionality.

Technical Skills

JavaScript • React.js • Node.js • MongoDB • HTML5 • CSS3 • Tailwind CSS • REST APIs • JWT Authentication • Razorpay • Git • GitHub • Firebase • Vercel • Render

Professional Experience

IT Intern | Brandmate Digital | March 2026 – June 2026

- Developed and maintained responsive business websites for multiple clients.
- Built landing pages and business websites based on client requirements.
- Performed debugging, deployment, testing and website optimization.
- Worked with designers and developers to deliver projects on time.

Projects

Gurukul Mock Test System (MERN Stack)

- Developed a complete Computer Based Test (CBT) platform with separate Admin and Student dashboards.
- Implemented JWT Authentication, Razorpay payment integration, online test management, result analysis and MongoDB database.
- Built responsive UI with React.js and REST APIs.

Barcode Cafe – Smart QR Ordering System

- Developed a full-stack QR-based cafe ordering platform.

- Customers scan table QR codes to browse the menu, place orders and receive digital bills.
- Integrated WhatsApp notifications so every order with table number is sent directly to the cafe admin.
- Built an Admin Portal to manage menu items, tables, customer records and orders.
- Designed a responsive interface for mobile and desktop users.

Gym Management Web Application

- Developed a full-stack gym management system with separate Admin and Member dashboards.
- Implemented day-wise workout planner, meal planning and weight gain/loss progress tracking.
- Members can monitor fitness progress while administrators manage members, workout plans and gym information.

Siksha Kendra Education Platform

- Developed a modern React-based educational platform with responsive UI, course pages and dashboard.

Lakshya IT Solutions Website

- Designed and developed a responsive business website with modern UI and improved user experience.

Business Websites (Internship)

- Developed and maintained multiple business websites and landing pages during internship.

Certifications

- IT Internship Certificate – Brandmate Digital
- Machine Learning Training – Corizo Edutech
- Machine Learning Internship – Corizo Edutech
- Master Diploma in Computer Information & System Management

Education

Bachelor of Computer Applications (BCA)

Jagran College of Arts, Science & Commerce (2023–2026)

Achievements

- Best Batsman Certificate
- Javelin Throw Certificate

- Volleyball Certificate
